► Our Strategy

Our strategy is conducted to from our experience in balancing economic growth with ecological and social responsibility. ORGANIC PHARMA regards itself as a member of the public and believes it needs society's long-term approval to be able to act entrepreneurially. We allocate our strategy by long-term guides of values in the implementation of our strategy.

► Competitive Advantage

The more that Organic Pharma learns about Their Partner Customer through their Requirements, the better its targeting ability becomes to provide integrated Values. These are both huge advantages that appear difficult for any competitor to overcome.

► Our Logo Definition

1- PHARMACEUTICAL CAPSULE

A symbol of strong heritage of positive change of innovative natural medical solution into effective products. This core value still lies at the heart of our business today.

2-PLANT LEAVES

A symbol of the natural world we inhabit. It represents our commitment to reducing environmental impact across our value chain – from how we source raw materials, to our manufacturing operations, to the way consumers cook, clean and wash with our products.

3- PARTICLES & ITS WAVES

Symbol of reference cleanliness, freshness and vigor to science and our ongoing commitment to find new innovative ways to improve the lives of our consumers.

4- PHARMACEUTICAL CAPSULE

A symbol of strong heritage of positive change of innovative natural medical solution into effective products. This core value still lies at the heart of our business today.
